Umpires Corner - Answer next month

A Live jack is in the ditch and its position marked with a marker on the bank.

What happens next in each of the following cases?

A) It gets moved by a toucher entering the ditch and remains within the rink boundaries.

B) As above, but ends up outside the boundary.

C) It gets moved by a non toucher entering the ditch.

Questions I have been asked this month

A player in a singles game goes to the head after their second bowl. Is this allowed?

YES - there are no restrictions on visiting the head before the National Finals.

In a knockout competition is there a minimum number of ends that must be played before the match can be conceded?

NO - If you wish to concede you can do so at any point. Don't forget to sign the card!

In a singles game does the marker have to do all the measuring?

NO - either of the players or the marker can do the measuring.
